CATALOG DESCRIPTION

ENGL 49 provides motivated students with an opportunity to explore a subject in greater depth, to familiarize students with some basic research techniques, to interest students in possible career areas, and to take advantage of special academic interests. Emphasis is on individual research projects, library research, and preparation of research papers. There is no prescribed course content. Students develop a research project, have it approved by the sponsoring instructor and appropriate division chairperson, then submit the finished project, which may be library research, or perhaps a supervised experimental program related to a specific course of instruction.
