Project Proposal

8. Name of Project/Program: *

Team Internships: City of Glendale Commission Report on the Status of Women and Girls

9. Please select which category best describes your project: *

- Arts & Culture
- Athletics & Fitness
- Career & Work Training
- College Operations & Facilities
- Humanities/Social Sciences
- Science & Technology

10. Amount requested: *

\$2500

11. What do you propose to do? *

This money will be designated to pay \$500 to Discipline Experts (Professors) who will work with the students doing the research work for the Commission.

12. Who will be involved in the project/program? *

Jennie Quinonez will be the professor for the Internship Program. She will be working directly with the Assistant City Manager Dom Mergerdichian. Additionally, 20-25 students will be enrolled in the program and each professor will have 4-5 students working "under" them.

13. What are the benefits of this project/program to the students, college, and the community? *

The students will be conducting the research necessary for the Commission's report - the students will then be paired with a discipline expert to assist in the development of their research and the report. This entire project gives the College an opportunity to provide the community with an important tool to help understand (and provide necessary resources) to the women and girls who live in the City of Glendale.

14. How does this project/program support the College's Institutional Strategic Plan? *

View ISP at <https://www.glendale.edu/home/showpublisheddocument/68172>

This project supports goals A.1, A.3 and B.5. We are providing excellent learning opportunities for students that involve the community and strengthen partnerships in the community.

15. Timeline for the project/program. *

Team Internships begin at the start of the Fall semester and run for 10 weeks. The stipends to be paid to the Discipline experts will begin week 4 and end week 9.

16. How do you propose to use the funds requested? Please include specific budget information. *

We are looking for 5 discipline experts to work with the students for this report. Each expert will earn a \$500 stipend.

17. Please list any other sources of funding you have applied for and include dollar amounts if already awarded. *

The students will be awarded a small stipend upon finishing the project - but that is for the Team Internship program. This stipend is for the expertise needed for this type of report.

18. How will the Foundation's support be recognized? *

We can add the Foundation's name on the program and commission.

19. How do you plan to evaluate this project's success? *

The Final project, the Report on the Status of Women and Girls will be the final product.

20. If your project/program is successful, how will it inform your practice moving forward? *

It was discussed in a meeting with Dr. Cornner and Dr. Grice, that moving forward, we may create a Gender Equity Center who could take on this project - but if that does not happen, it would be great if Glendale College was the partner for the City in creating this report year after year.

21. Please provide a 2 – 3 sentence summary of your project proposal. *

In order to help complete the Team Internship course of creating a Commission Report on the Status of Women in Girls in the City of Glendale, 5 discipline experts will be paid \$500 to assist students for 6 weeks while they compile their research.
